#### DETAILED ACTION

1. The amendment filed 10/28/2003 has been entered.

## Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

- (b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.
- 3. Claims 1, 6-11, 13-15, 18-20, 23-25, 29-37, 40-42, 44, and 45 are rejected under 35 U.S.C. 102(b) as being anticipated by Ishiguro et al. (JP 2000086064 A). Ishiguro discloses a sheet-shaped medium processing apparatus that includes a discharging means (73), a piling means (11), and arranging means (31/211) that slides in a concave portion of the piling means (see Figs. 12-13).

### Claim Rejections - 35 USC § 103

- 4. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:
  - (a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negatived by the manner in which the invention was made.
- 5. Claims 3 and 26 are rejected under 35 U.S.C. 103(a) as being unpatentable over Ishiguro et al. in view of Hoshi et al. (JP 62-8965). Ishiguro discloses all the limitations of the claim, but it does not disclose step shaped relief sections formed at the head of the arranging sections of the arranging members. However, Hoshi discloses a sheet sorting tray with step shaped relief sections (see Fig. 5) formed at the head of the arranging sections for the purpose of directing

·.

Art Unit: 3651

sheets toward the sheet arranging section of sheet arranging members (43a, 43b). It would have been obvious for a person of ordinary skill in the art at the time of the applicant's invention to modify Ishiguro by utilizing step shaped relief sections formed at the head of the arranging sections, as disclosed by Hoshi, for the purpose of directing sheets toward the sheet arranging section of the sheet arranging members.

## Allowable Subject Matter

6. Claims 4, 5, 16, 17, 21, 22, 27, 28, 38, 39, and 43 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

### Response to Arguments

- 7. Applicant's arguments filed 10/28/2003 have been fully considered but they are not persuasive.
- 8. The applicant states item 11 of Ishiguro is a "processing tray" rather than a "piling means" as required by the claim. In response, the examiner notes that the applicant has not defined the term "piling" means in any manner such that it does not read on Ishiguro.

#### Conclusion

9. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE

MONTHS from the mailing date of this action. In the event a first reply is filed within TWO

MONTHS of the mailing date of this final action and the advisory action is not mailed until after

Art Unit: 3651

the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Patrick H. Mackey whose telephone number is (703) 308-0630. The examiner can normally be reached on Tuesday-Friday 7:00 a.m. - 5:30 p.m.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Chris Ellis can be reached on (703) 308-2560. The fax phone number for the organization where this application or proceeding is assigned is (703) 305-7687.

Any inquiry of a general nature or relating to the status of this application or proceeding should be directed to the receptionist whose telephone number is (703) 308-1113.
